

Dear Military Elector,

Recent Wisconsin enacted laws made some changes to the absentee voting processes that affect you and your absentee ballot requests. In the past, as a military elector, you have been able to request absentee ballots for an indefinite time period, as long as you remained in the military. You will continue to receive absentee ballots for all election in 2012.

Starting with the 2013 elections however, you must request an absentee ballot each year. To receive absentee ballots for 2013, you should complete the enclosed absentee ballot application. Each year after 2013, you must complete a new absentee ballot application to receive absentee ballot for that year.

Absentee ballot applications may be found online at gab.wi.gov/forms (GAB-121), or you may use the Federal Postcard Application available at fvap.gov. You may also make your request in writing to me via email, fax or by mail. You must include your name, address, the election(s) for which you are requesting an absentee ballot, and the mailing address, email address, or fax number where I should send the ballot.

Please contact me if you have any questions. Thank you.

Sincerely,

Clerk Name
Municipality
Address
City, State, Zip
